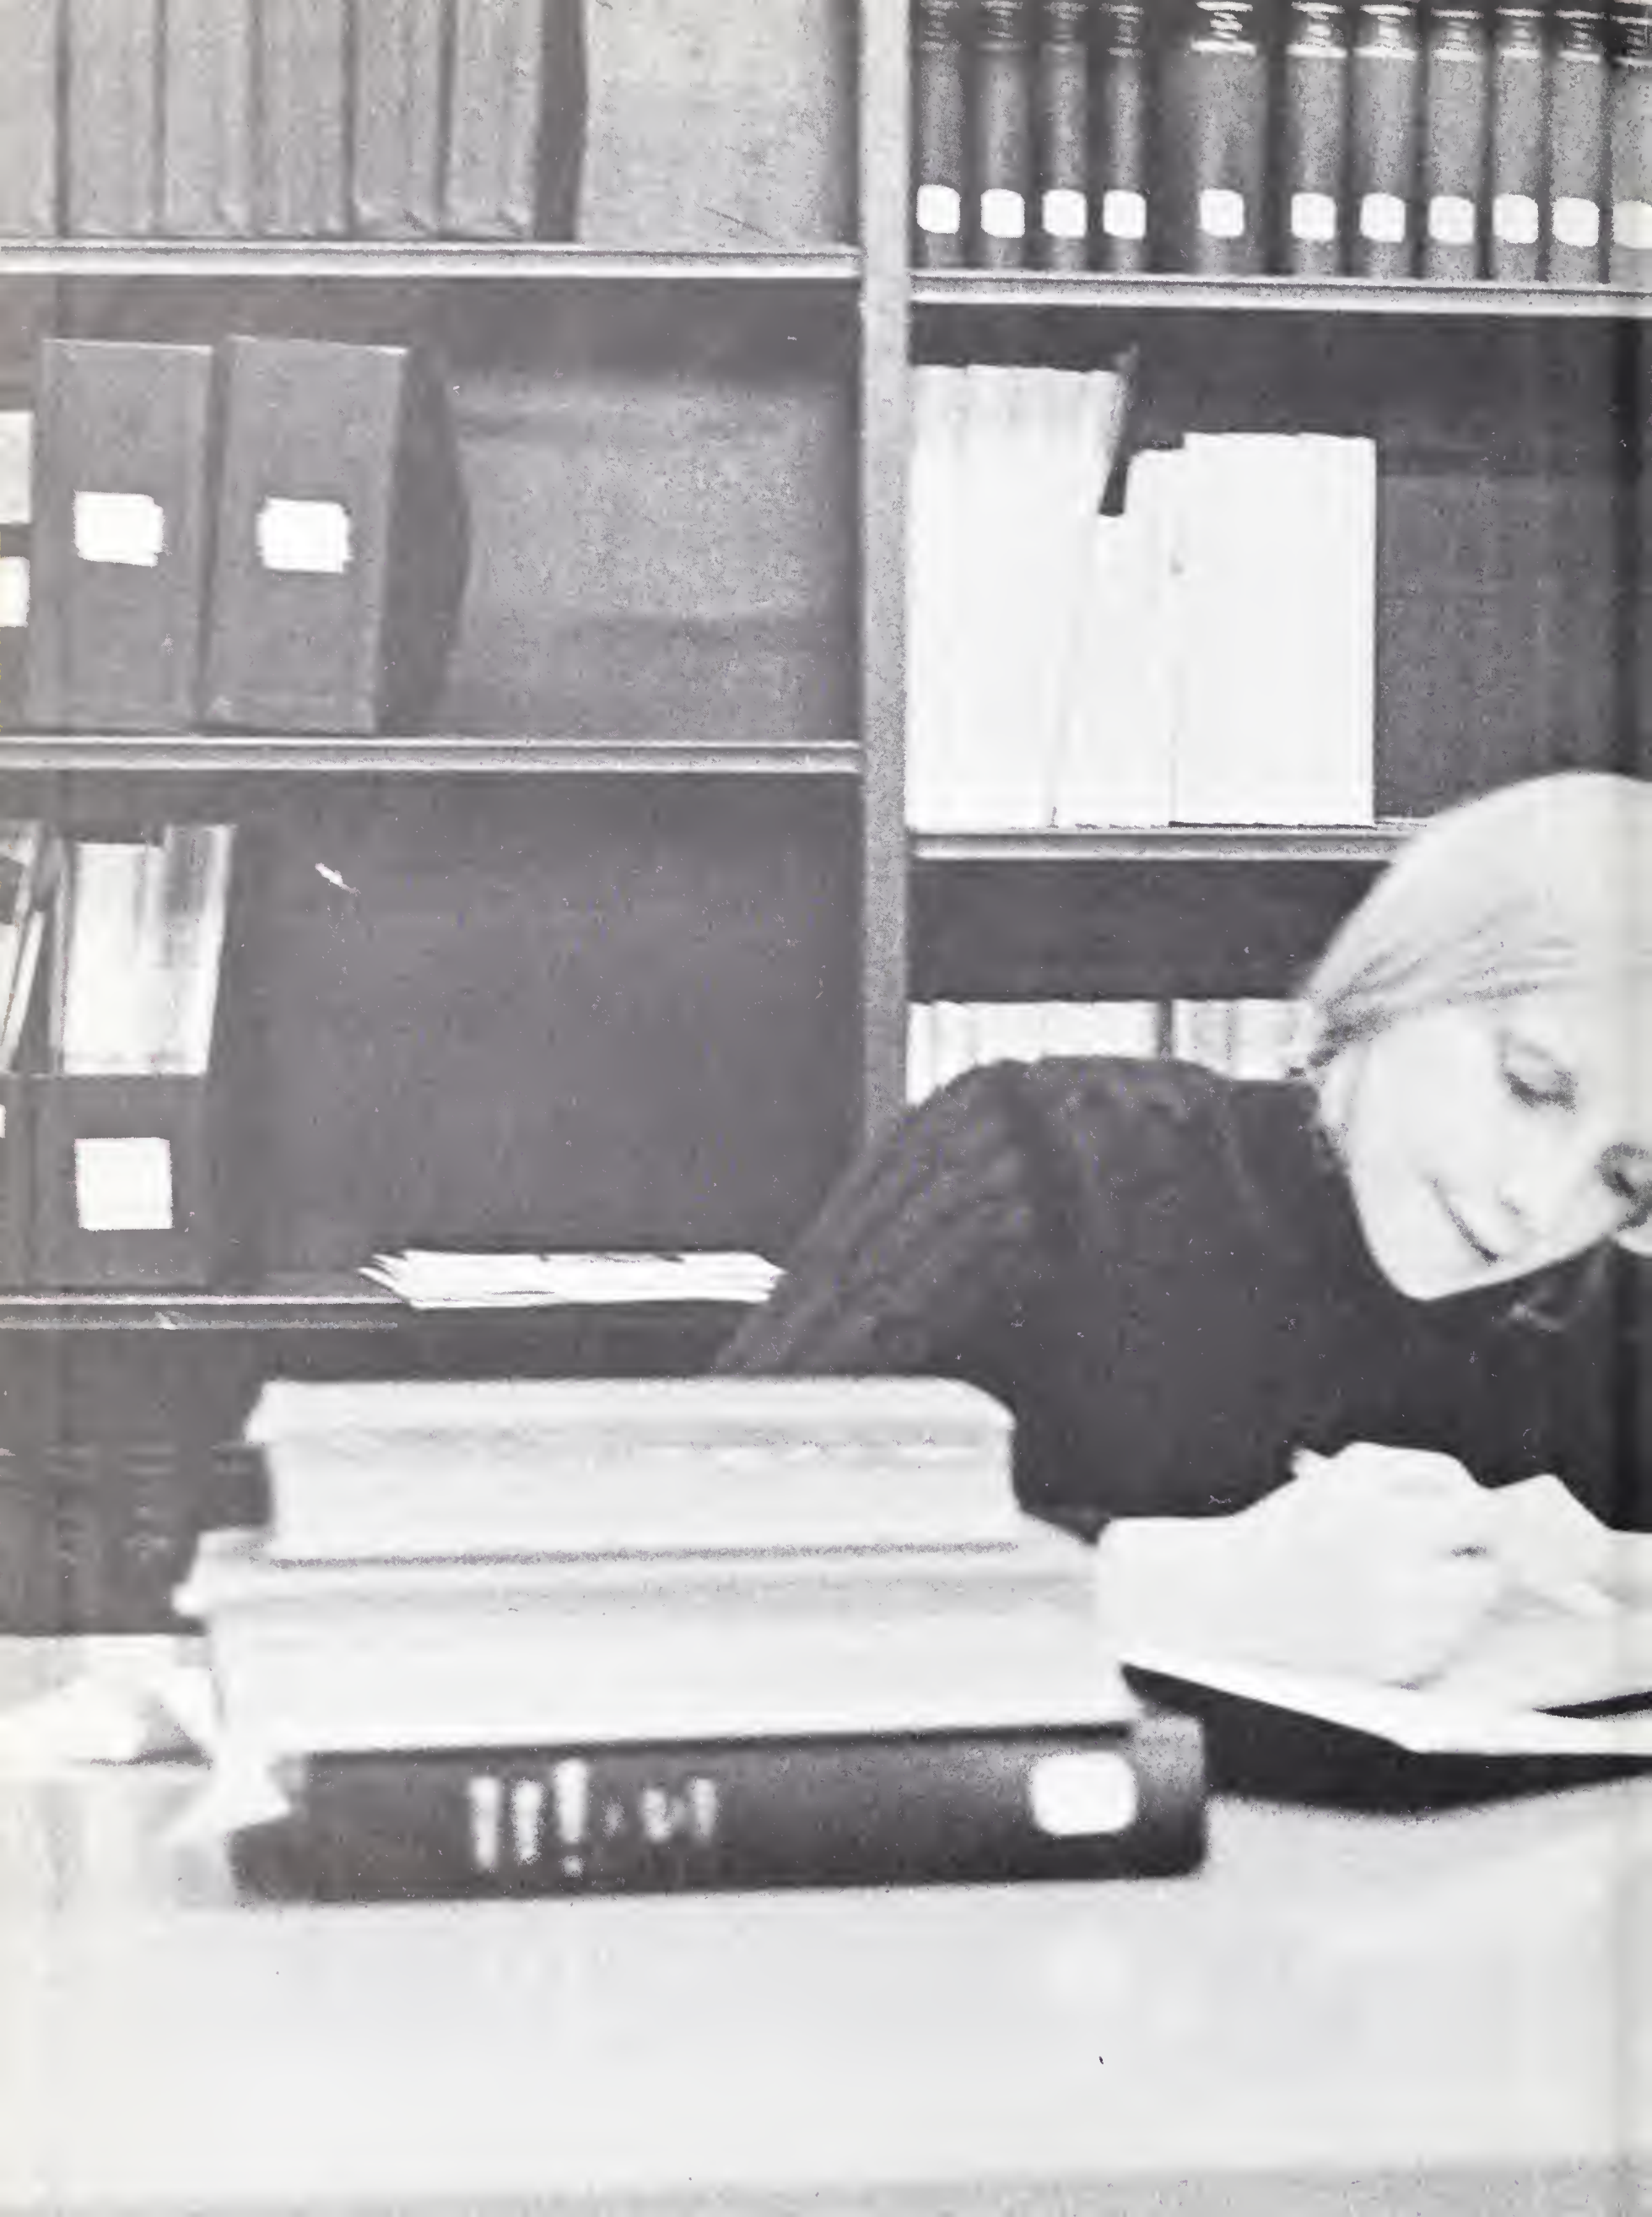
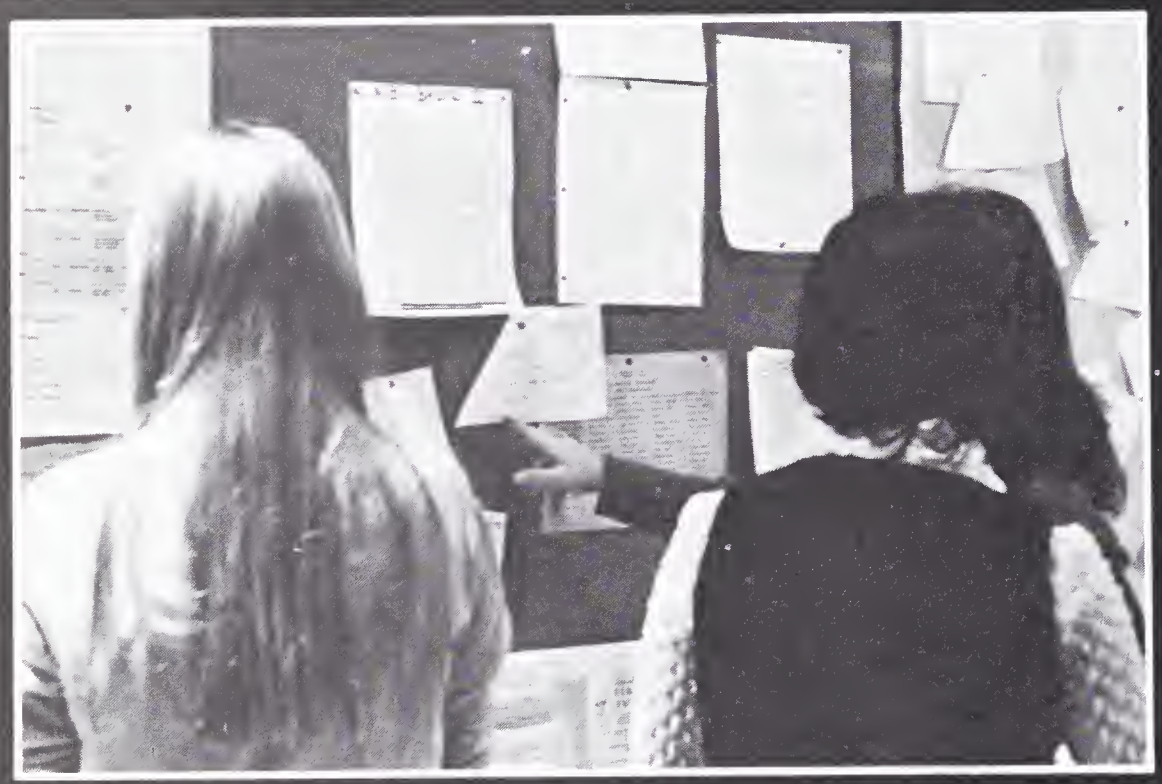
varsity nurse

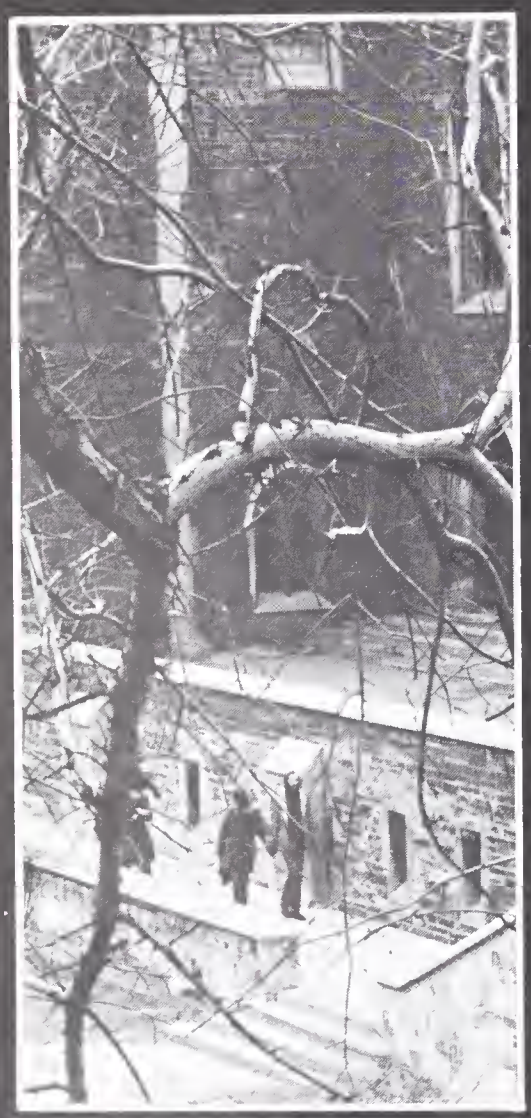
1971



... tread softly over
quiet thoughts-
look for us in hidden corners
and in great, wide open places.

come upon us in
differing moods
transporting us from
world to world.





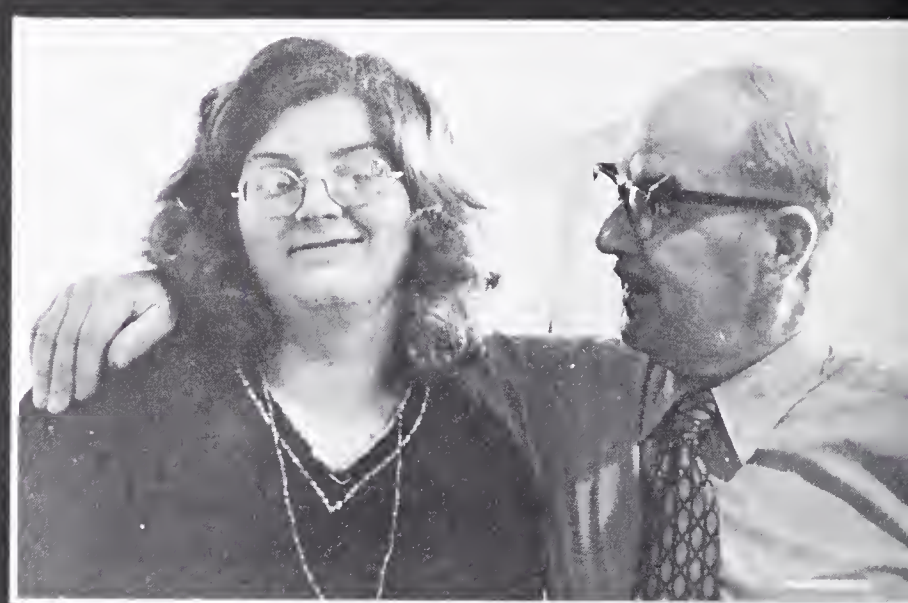
watch as we grow
learning to reach out
and hold hands
with life-
unafraid because
we are not alone.

and yet
look deeper and find
that in each of us
because we are unique
there is a small place reserved for
the me nobody knows!

. . . each of us
is capable of giving
that which is found
in us alone
-our love

by the very nature
of the word love
we must give it-
it is not ours to
hoard and hide,
nor to abuse.

and in giving love, we open
up to others, and permit them,
and ourselves, a glimpse of
'the me nobody knows'



Our very growth as persons
is always a gift to us-
a gift of selfless love
from another-

for we can only become
when someone stands
there and says
"I love you".

...and so
-armed with individuality
love and mystery
we go forth
filled with courage
and surrounded by friends

daring to unlock
our secret door
and discover
who we are
and
who we can be.

THE DIRECTOR'S MESSAGE

The 1970-'71 session marks the beginning of the second half century in the development of nursing education in the university of Toronto. It also marks the final year of study for students in the class of '71. It is a time of assessment for members of the faculty of the School as well as for students in the graduating classes.

This year the objectives of the School were restated as follows:

> The purposes of the School of Nursing are to advance quality in patient and family care through graduate, undergraduate and continuing education of nurses, and to gain increasing knowledge and understanding of patient care and community service by systematic investigation and research.

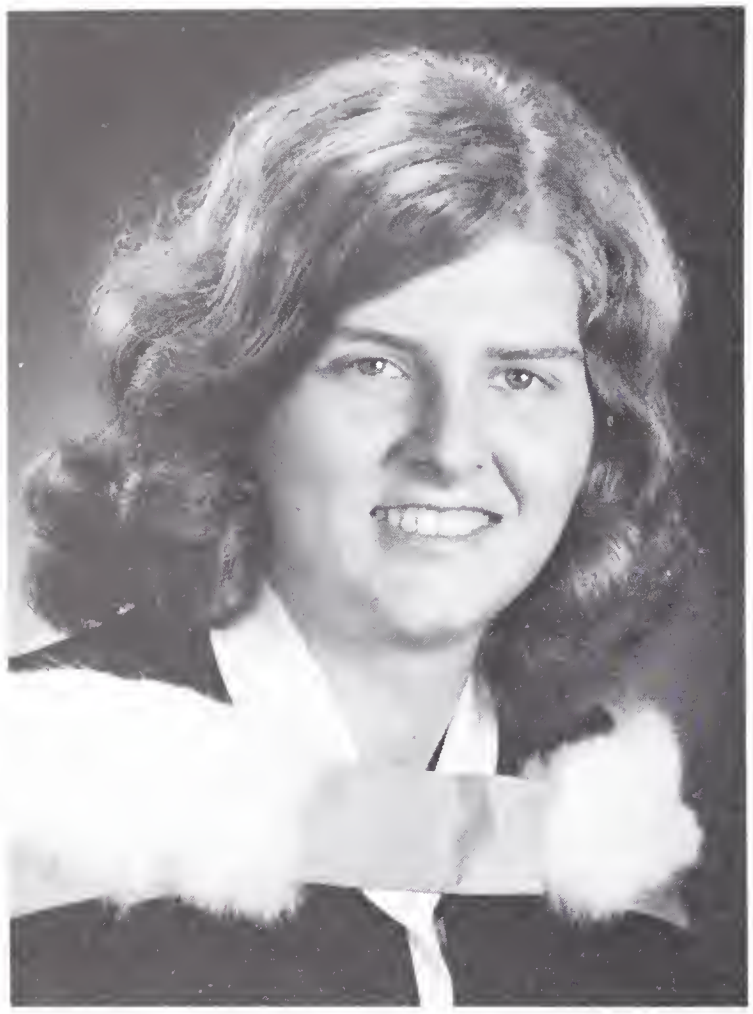
The School of Nursing assists in meeting the community's needs for nursing services by providing a system for educating individuals who:

- are potential leaders in professional nursing service
- intend to pursue careers in nursing education
- wish to develop advanced skills in a special aspect of nursing
- wish to undertake research to advance the knowledge of nursing

The achievement of these objectives rests to a large extent with the graduates of the baccalaureate and master's degree programmes. In a discussion of the development of the university nursing education, Kathleen King quoted from a statement made by a former president of the University of Toronto, who said the function of the University with regard to professional education is "to train for the higher ranks of the profession, those with gifts for theory and talents for leadership and investigation." We trust that you will fulfill the expectations of the University in the contribution you will make to your chosen profession and to the society of which you are a part.

Footnote:
I.M. Kathleen King, "Development of University Nursing Education" in NURSING EDUCATION IN A CHANGING SOCIETY, edited by Mary Q. Innis, University of Toronto Press, 1970, p. 81.

THE PRESIDENT'S MESSAGE



Our main aim on Council this year was to improve communications between our group as a form of student leadership and the student body as a whole. The lack of communication between all committees in the school has been a constant thorn in the side of past Councils, and we endeavored to improve the situation somewhat. We attempted, and in my opinion, succeeded in doing this to a large extent through the use of our school paper, the PULSE. It is my hope that this practice of utilizing the school paper to a much fuller degree will be continued in future years in order to keep the School of Nursing functioning as a unit and not as a system of compartmentalized sections.

The Students' Council became involved in several interesting projects this year. The one which we played a considerable role in was the setting up of an Inter-University Student Nurses Association whose first meeting was held at the University of Ottawa in February. This organization is designed to unify all Canadian University Schools of Nursing and to improve communication between the students of these respective schools. The Council also evaluated the School of Nursing Alumni Association in an attempt to improve the effectiveness of our relationships with this group.

In a special project to become a part of university-wide functions our members engaged in discussions about the Educational Opportunity Bank (Student Aid) and the proposed Students' Center, two topics of prime concern to the University of Toronto Students' Administrative Council. We also have members of the school contributing to the Inter-Professional Student Faculty Seminar Committee, a campus wide organization whose current project is Harbor City, Toronto, Ontario.

Besides these "wide scope" activities, our organization became involved in the more domestic affairs of our own faculty. These included an evaluation of Committee function and Staff-Student Liaison effectiveness.

The members of the School of Nursing Students' Council this year formed an extremely enthusiastic group. For their spontaneity and original ideas I admire them. For their hard work and loyalty, I thank them exceedingly. Good luck to each and every member!

Sharon Keenan
President

OUR STUDENTS' COUNCIL

Robin, Brenda, Jacquie, Mike, Judy, Louise and the hand of the President at a typical (!) Students' Council Meeting in our lounge- serious thinking, eating and drinking (only coffee, people)

EXECUTIVE:

President:
Sharon Keenan (Basic IV)

Vice-President:
Robin Scobie (Basic IV)

Secretary:
Louise Allen (Basic IV)

Treasurer:
Mike Phillips (Post Basic II)

S.A.C. Rep.
Allison McInnis (Post Basic III)

AND FROM THE CLASSES...

Basic I: Kathy Harris & Rhonda Fleming

Basic II: Sharon Rimmer & Jacquie Taylor

Basic III: Mary Peat (goodies provider) Betty Hansford

Basic IV: Brenda Liston & Judi Tripp

Post Basic I: Diane Johnson

Post Basic II: Shirley Davey

Post Basic III: Judy Young

Public Health: Daphne Chase

YEARBOOK

Happiness is being a yearbook editor with the "bestest staff in the whole wide world". Many thanks to them for a job that shows their creativity, their interest and their endurance. It's been a lot of fun and a totally unreal experience for many of us. For the grads of '71 and the whole population of the School of Nursing, I hope you can see "The Me Nobody Knows", the theme of this year's book, reflected in these pages. Some tears, some fears, a lot of smiles, and we've put together a yearbook. For you. It's yours. Enjoy it. It's a part of what you're doing and what you are now.

Joy Bazar

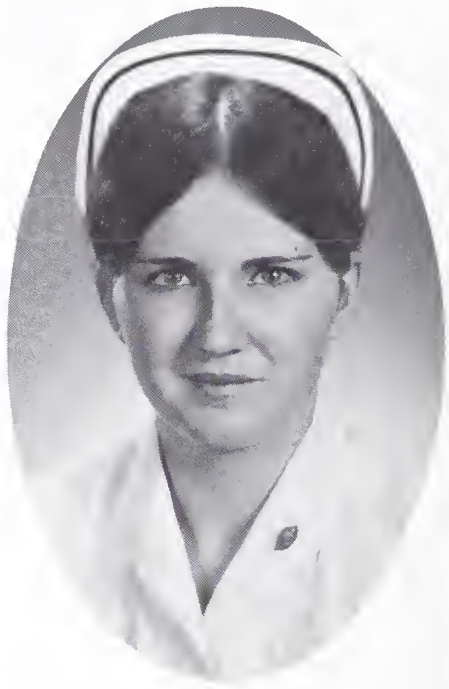
Patricia
ATHERTON

BARCLAY, Diane
Diane comes from that far corner of the earth better known as Port Credit. She has been active in S.H.O.U.T. and served on the Food Committee at Caledon Weekend. Her future plans include Pediatric Nursing and who knows what else!



BARNES, Melanie (Mrs.)
From Belleville, Ontario, Melanie was a cheerleader in First Year and a Sneezles dancer in First and Second Years. She plans to work in the maternity area after graduation.

BERRY, Beverly
Quiet, easy-going Bev is known for her dexterity and finesse. Her pet peeve is the T.T.C. She is foster mother to many cats. Future plans include marriage and general duty in Pediatrics.

BIRD, Carol
"Nursing is reality,
Reality a patient,
Who wants me here,
To hold a hand..."
F. Storlie

Lynn
BLYTH, (Mrs.)

BODDEN, Kathy
Kathy's pet peeve is going over and reiterating once more superflous redundoncils which turn out to be repetitious anyway. Her favourite pastimes include skiing, camping and deciding what she's going to be when she grows up.

BROWN, Judy
'71's Blonde Bombshell alias 'Charlie Brown' has reputations in many towns. In Quebec, she's the Frenchman's "Jeep Freak". In Collingwood, her beans and beer are to fear. Her sunshine is felt from B.C. to Beau Vert, or right here, after Grossman's beer. WARNING to the Northern Regions.

BROWN, Virginia A.
"If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself."
Desiderata

BURTON, Jennifer
Another member of the quiet set, Jennifer wishes a commemorative plague placed on our library table. Future plans include a trip to Europe, work and marriage-(not necessarily in that order.)

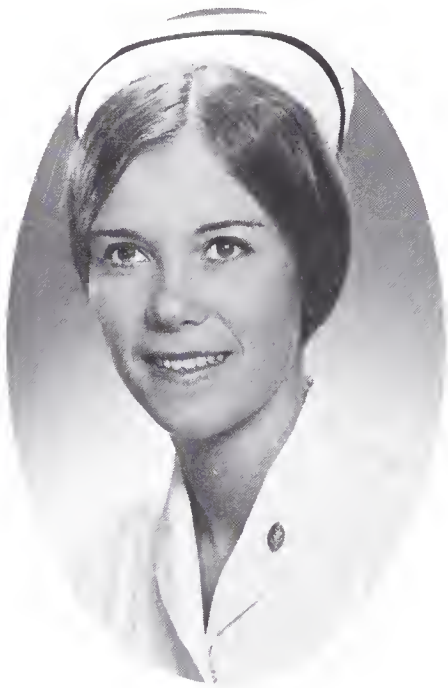
BURTON, Rosemary
The other half has enjoyed library work and is known for several sudden jaunts to Florida and out West with certain cohorts. Plans include trips to Florida, Europe and possibly work.

BUSHELL, Shirley Ann
Shirley came to us from Kipling C.I. where she was known for her extracurricular activities in the Clans of York Pipe Band. While at the S of N she became famous for voicing her opinions on 'the administration'. Future plans include Norman and public health nursing.

CAVEN, Valerie
Quiet but humerous, Val was navigator of certain Florida and Western Trips and has amused a select group in classes with her cartoons. Future plans include travel and teaching Medical-Surgical.

COUTTS, Marcia
"Just call me Lil"
Activity: first year class president and Daffydil '71.
Future plans: Mrs. W. Kevin Thompson, general duty and then whatever arises.

DILLON, Moya
"Known as Miss Dilly Willy at C.C.C."
Accomplishments: Developed skill and knowledge in her field (the football field)
Ambition: To ski in her new skis and to be 'Super-nurse' to all the kiddies at H.S.C.
Probable Future: The Pied Piper of H.S.C., alias Miss Dilly Willy.



DINSDALE, Sharon
Today is smaller
Than I thought it might be
And going quickly
I'm in no hurry to be told tomorrow's news until tomorrow.

R. McKuen

EDLEFSEN, Trudy
Another avid card player, Trudy can frequently be found in the engineering common room playing Euchre and other such games. While at U. of T., Trudy was involved in S.H.O.U.T., the orientation committee and the Food Committee at Caledon. Future plans include Pediatric Nursing at H.S.C.

GARLAND, Joanne
Recipe for a "Joe Garland Supreme":
One weekend at the drugstore
Add a 6-pack of beer, one package Craven-Ms
Stir with a bent ski pole, add Ginger chicken,
A gallon of giggles, a twang of a guitar
Put in a "Rodregas" hat, shake and bake for 24 hours in library
And your perfect graduate nurse is ready and a success!

GILLINGHAM, Lillian
Lil, always cheerful, has been a member of the U. of T. chorus, graduation committee and is the hardworking chairman of the Education committee this year. Work in V.O.N. follows graduation.

GOETZ, Andrea
Love gives naught but itself and takes naught but from itself.
Love possesses not nor would it be possessed; for love is sufficient unto love.
Gibran

GREGG, Jennifer
"When you are sorrowful look again in your heart, and you shall see that in truth you are weeping for that which has been your delight." Gibran

GRIMSHAW, Susan
Model: "Susie Grimshaw Doll"
Code: 672016179?
Price: collective bargaining
Turn on: Scotch, trips, In La Gadda da Vida
Actions: grooves to jazz; makes good spaghetti sauce, gets sauced good
Turn offs: burnt peach pancakes, why did you go into nursing?
Noticable features: beer pub smile.

HASKETT, Barbara
Between treks to the Medical Sciences Building for lunches with a certain medical student, Barb has been a loyal supporter of various S. of N. functions such as Orientation, Sneezles and last year as an active Students' Council rep. Future plans include marriage in May and working for the V.O.N.

HIRSCH, Helga
Helga was a member of the U. of T. chorus and rumour has it that she is presently on the Yearbook committee. '71's Lady Godiva plans to work in pediatrics and become old enough for serious entanglements.

HOCKADAY, Faye
Happiness does not depend upon what happens outside of you but on what happens inside of you; it is measured by the spirit in which you meet the problems of life.
W. Peterson

Joan
HUNTER

IRWIN, Elizabeth (Mrs.)
"If ye lack love, all your living's lifeless,
Love too of truth, and of your children yet to be,
Love of joy and giving joy, and gaining love by loving."
E. Birney

ISAAC, Vera
"You give but little when you give of your possessions,
It is when you give of yourself that you truly give."
K. Gibran

JAMIESON, Helen
"Yeah, I think I'm losing my marbles,
And I tell ya, it's a doggone shame-
That there's so many deranged people
They're driving me... they're driving me insane..."
McKenna Mendelson Mainline

JENNINGS, Virginia
"The Nancy Greene of the Class of '71"
Accomplishments: Received her MRS. after years of hard work.
Ambition: To own her ski resort.
Future: Running a chair lift.

JOHNSON, Sally (Mrs.)
When I grow up, I'm going to go to school every day, do all my work on time and behave myself- but until then...
...

Elizabeth JORDAN

KEENAN, Sharon
"Never do today what you can put off 'til tomorrow". by Henry Gibson

LAING, Susan
This nurse we all know as Laing-Soo has helped with Sneezles and Orientation at the school. Yet after hours her interests weren't few with sewing, skiing, grooving, and French school.

LAMANTIA, Margaret
"We know what we are, but know not what we may be."
Plans for the future for Marg include travelling to Europe, and working in a clinic in Rome.

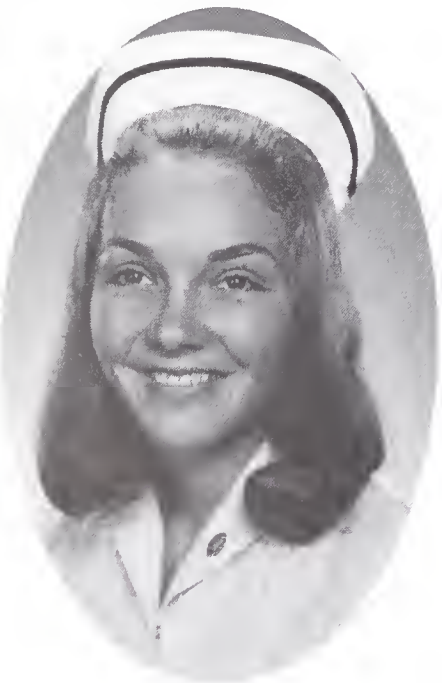
LANCOT, Marie
Say not "I have found the truth" but rather "I have found a truth."
Gibran

Anne
LEITH

Kathleen (Mrs.)
LEVIN

LISTON, Brenda
Brenda's optimistic outlook and outgoing personality make her an enjoyable companion and co-worker. A trip to Europe is dominant in her future plans before undertaking a job in Hamilton or Toronto.

LOEWIG, Dixie
Dixie's interests include music, sewing and spending money. She's noted for her contributions of comic relief. Future plans include working for the V.O.N. next year and eventually raising little doctors.



LOVE, Barbara
Barb must be the only nurse graduating to do six years of doctor dodging in one pair of nursing shoes. Involved in S.H.O.U.T., Student-Staff Liason, Caledon and graduating committee, she has kept busy. Future plans include travel and psychiatry.

MARK, Claire
From Trinidad in the West Indies, Claire plans to return there after graduation to teach in a hospital school of nursing.

McINTYRE, Pamela
Pam is an industrious worker on the Education Committee. Her pet peeve is communicating with strangers via telephone. Future plans include general duty and an early retirement.

MERRITT, Julie
A College Graduate is a person who had a chance to get an education.

MILBERRY, Jeanette (Mrs.)
Jeanette began the marrying trend, served in the U. of T. chorus, Education and Graduation Committees. She had the first class baby. Her future plans include caring for Matthew and ... Also, obstetrical nursing.

MURRAY, Jeanette (Mrs.)
Jeanette, a former 146'er, came to the S. of N. from London. Future plans include working in a pediatric setting and leaving the smog for Beautiful British Columbia.

Wendy
PHILLIPS

Patricia
ROSEBUSH

SADAVOY, Carole
"Better is the end of a thing than its beginning". Carole's pet peeves include hairwashing on a stretcher, Mary Worth types and Great White Gods. Future plans include Disneyland and travel.

SCOBIE, Robin
Without love and laughter there is no joy; live amid love and laughter."
Horace

SHEPPARD, Susan
As #2 on Chappy's list, Sue has been trying harder for four years. She held the distinguished position of PULSE rep. in first year but since then things have been going downhill. She is now secretary to the Tour Manager of the U of T Chorus. Future plans include #1 position on Chappy's list with a little nursing on the side.

SHORTALL, Janice
"When you're this good, you don't have to be big."
Janice's future plans include work with the C.A.S.

SKELETON, Jane
There once was a nurse
named Jane
Who alleviated her
patients' pain
With smiles and good
words
(There's none better
I've heard!)
And her future holds
nothing but gain.

SKINNER, Willona
I thought we were going to send "Willy" to camp. She would be safer there! Her accomplishments include breaking both her wrist and her foot one day apart while skiing on the "baby hill". Her ambition is to get down Champlain in one piece. The future includes being the only V.O.N. on skis.

SPAZIANI, Diane
No matter what may
happen, what may
befall,
I only know I'm mighty
glad I'm living that
is all,
Future plans include
public health nursing and
a "certain scuba diver".

Rebecca
STEINBERG

STEVENS, Allison (Mrs.)
Mattila the Hun says
"Enjoy your job at the
Sunnybrook Research
Unit, Mrs. ? Stevens? ?
And couldn't they make
a phone that doesn't ring?

SYMONS, Janet (Mrs.)
Jan's number two! (That
is - second of the deluge
to get married). Says
Jan, "School is not my
first love", but she has
managed to be involved
in Sneezles, a downtown
health clinic and at the
same time, has steadily
improved her academic
standing.

THOMSON, Gillian (Mrs.)
Gill, one of our many
"Marrieds", always
manages to project good
cheer and optimism in
times of stress in spite of
the inevitable home re-
sponsibilities. Plans for
the future are uncertain
but might involve public
health nursing or teaching.

TRIPP, Judith (Mrs.)
How can we describe
Judi? Well, as Miss
Naftel, busy, late, in
I.U.C.F., Students'
Council, Awards Com-
mittee, and a degree-
nurse upgrader. As Mrs.
Ben Tripp, a hiker, a log
cabin builder, smiling
all the time! - a great
kid of '71!

TUPLING, Margaret (Mrs.)
Marg married her high school sweetheart, Roger. She took her obstetrics course to heart and is now the mother of a future quarterback. Future plans include obstetrics and three additional Tuplings.

UNDERWOOD, Jane
"Don't overwork me; I'm resting up for the weekend."

WALLACE, Patricia
While at U of T Pat perfected the fine art of card playing and entertaining engineers. In activities, Pat was involved in S.H.O.U.T., the Orientation committee, the food committee at Caledon weekend and one very profitable float building. Future plans include general duty in the med-surg. field and marriage.

WARDELL, Nancy
Nan, who contributed to our organization and orientation was involved in S.H.O.U.T., Caledon Weekend, Orientation, and frozen phalanges post ski lessons. Future plans include travel and travail and exclude all connection with the T.T.C.

WARREN, Marcia
The year Marcia was elected a W.U.S. rep., the orginization was abolished. She has been an active member of the U. of T. chorus, holding such worthy positions as secretary, social convenor, tour manager, and most important of all, chairman of the Tie committee. With all this experience in administration, Marcia realized that her true calling is at the bedside.

WILLIAMSON, Mary
To "Pocket-Rocket II" love is a four-letter word: Rick. She can be found in the Law School at one p.m. every day with frozen hands and feet. Mary braved the cold going to S.H.O. U.T., sat through meetings of the grad, committee helped or hindered the hockey team's efforts to win. She's less known for her one-finger typing for the yearbook.... but considering she's typed more than three-quarters of this book with one finger, it should be kept in mind for the future.

at the world around us.

and we MEET people-

the unknown disappears

and on our

widening horizon

we find ourselves again

-changed.

S.H.O.U.T.

Everyone talks of breaking away from the crowd and trying something new and different. Several students from this university in 1967 expressed these sentiments in seminar group discussions and, as a result, began to explore the possibility of a health care programme developed at the community level with community and student participation.

To put the concept to work, this handful of students rented a house on Bathurst Street near Alexandra Park, a government housing project. After experiencing many growing pains, it was decided to move right into the center of Alexandra Park on 64 Augusta. Now, all put aside, we really do have something to SHOUT about- we are expanding! Paint and plaster are flying everywhere as we renovate the other half of our duplex next door. Also our services include not only evening hours but daytime with the hiring of two part-time doctors and a community health nurse.

The response of the students has been good this year and enthusiasm is spreading. Each night a team of dental, medical, nursing, pharmacy and physiotherapy students start the coffee pot bubbling and discusses the care they have been giving and are going to give to the community. And again as the evening draws to a close, a final "rap" session takes place to decide on follow-up care etc.

One of the objectives of the Center is to let students from various health sciences work together in teams and see how the others function. The atmosphere is relaxed and non-clinically oriented. Students, instructors and doctors are all on a first name basis and community members take an active part in decisions made by the Center. This summer a Research Committee is going to set up a program to reevaluate the community's needs and see if the Center has been meeting these needs. Also we want to keep a summer program going at the Center. There is a constant turnover of students each year at the Centre, all of us a little more sensitive to the needs of the community.

I must emphasize that everyone is welcome down at the Center, the coffee pot is always on.

Blue and Gold, that famous organization which supplies nursing students with all sorts of items, started its activities this year with the construction of the Homecoming Float, "Let It Be". It represented a miniature hospital and was viewed in front of U.C. by the judges who laughed so hard that they forgot to give us first, second or even third place in the contest. Such a pity! But we had a good time and thanks go to everyone who participated.

Salesmanship was the main force of the Blue and Gold. About one hundred dozen Christmas cards, somewhat belated but nevertheless extending joyous greetings, were sold. In the fashion line, the latest in sweatshirts was offered to prospective buyers. We campaigned for a worthy cause - Send Willie to Camp - whereby an underpriviledged child will have his way partially paid to a camp in the summer of '71.

The Committee has been terrific. Thanks go out to the members for their ideas and help.

BLUE and GOLD

BURGERS

CAREERS' NITE

Careers' Night, a Student Education Committee production, was held on Wednesday, February 10th this year. It scored a great success, with an attendance of about seventy. Guests included U. of T. graduates who have worked in the fields of bedside nursing, teaching, administration, public health and C.U.S.O. Informal discussion continued over refreshments in the lounge after and all who attended the evening gained much.

Heather Knickle
Basic 11

SNEEZLES '71

Sneezles '71 got off to a good start in September. Committees were chosen, auditions were held, and production began in mid-October. The theme of this year's show is "The University Nurse Presents ... How to Succeed in Nursing Without Really Trying" - a theme very appropriate to the amount of work we generally accomplish. The show was held on Friday, November 27 and Saturday November 28 in Cody Hall at the School of Nursing. Near capacity crowds filled the auditorium to hear the singing, watch the acting and laugh at the many jokes.

Without the much appreciated help of Mr. Chapman and the fellows from the other faculties, our show could never have been such a success. Our heartfelt thanks go out to them. Special thanks also to the nurses who participated in the show as both actresses and backstage helpers. Looking forward to next year when the "University Nurse Presents ... Who knows what?"

Producer Cathy Langs

Director Anne Ferrier

BASIC ORIENTATION

Orientation this year aimed at participation of all students at the School of Nursing. This aim was not achieved, but we had one heck of a good time trying!

"Neither rain, nor snow, nor hail, nor sleet" could keep us from contacting each Big and Little Sister before registration. The mail strike however wasn't too opportune, though!

However, with butterflies in their stomachs and sleeping bags under their arms, the Class of '74 arrived. Those who attended the Sleep-In had the great thrill of seeing the L.G.M.B. disguised as thirty-two sleeping bags and a drum. The following morning was the School of Nursing picnic at Centre Island. The frosh divided into Snoopy groups and provided an artistic attraction with their sand-castles for the passing tourists.

Ah, yes, - Initiation! Why did the staff have to cut first year classes on Monday? Wednesday was the finish of Initiation. Memories of that day include playing Pregnant Camels, running into parking meters in front of Devonshire House, getting slightly soaked by the very efficient Devonshire Fire Brigade, - who couldn't tell frosh from upper-classmen! - being questioned by Metro's Finest who thought we were a Women's Lib. group, and returning to the School of Nursing for Kooky Kapers. This year Kooky Kapers involved a Kangaroo Court. But justice prevailed, -- despite the M*A*S*H jury and fourth-year judge! If you're interested in the perimeter of Cody Hall stage in marshmallow widths, just ask anyone in Basic I!

On the next day the Engineers held their Scavenger Hunt. The Nursing participation in this was really poor, but there's always next year!

Congratulations to the Snoopy Group of Sally who won the Frosh Trophy for participation. This was donated and presented by the First Year Teaching Team. To those of you who don't know what the Frosh Trophy is - take a peek in the Demonstration Room where you'll find it growing aided by much T.L.C.

On Saturday, September 19, a Nursing Dance was held at New College. From eight to midnight an enthusiastic crowd of over five hundred rocked to the beat of a mysterious group. If anyone knows who they were, please tell us!

Then in October, the Basic Students and Staff gathered in both

lounges and eagerly devoured plateful after plateful of sandwiches and yummy desserts. It set everyone's dieting back a month, but was thoroughly enjoyed by all who came. We've some outstanding gourmet cooks in the Basic course!

Our thanks to all those typists, supporters, organizers, staff advisors and to all those who participated! Special thanks to Basic I. We hope that everyone involved enjoyed the activities and will extend the same enthusiasm to Orientation for the class of '75.

Janet Weegar and Diane Dixon,
Basic Orientation Co-Chairman.

POST BASIC ORIENTATION

After addressing nearly eighty letters to the new public health and post basic classes this summer, the Orientation Committee was finally able to put names to faces at the traditional registration day luncheons. The students met and chatted with their own classmates both over sandwiches and during the casual sight-seeing tours around the campus.

While post basic students were spared the hi-jinks of initiation, they were able to participate with basic students in such events as the picnic, the Orientation dance and the "Drop in the Bucket" campaign.

The highlight of the year though, always seems to be the post basic dinner for the faculty and students with sumptuous fare provided by the classes of post basic II and III.

It seems strange to think that the new students we were welcoming are now very involved in school life and probably struggling over plans for next year's class.

Pat Tomney,
Orientation Co-Chairman.

PEOPLE

SOCIAL COMMITTEES

A lot has been said lately, about the usefulness of the various organizations in our School. Many people believe that these committees are not fulfilling their objectives because they are not receiving student support. In my opinion, these groups are important in forming school spirit, as well as in bettering staff-student relations. If we did away with these committees, I rather doubt our school spirit would increase.

Socially, I think the 1970-'71 school year was a success. The Initiation Tea was held early in the year to welcome new students and to allow all students and staff to become better acquainted. Miss King, Sharon Keenan, and Rod Hurd, outlined some of the events and organizations of the School and University.

December 15th was the date set for our annual staff-student Christmas party. Although this was not an ideal time to hold a party due to the many tests and essays which occupied students' minds, those who attended the event enjoyed themselves.

The biggest event of the year, however, was the formal, whose theme this year was "Winter Fantasy" and which was held at the very beautiful Boulevard Club, with Dave Black and His Orchestra providing the music. This dance would not have been possible were it not for our various fund-raising drives- the fudge sale, Passport to Toronto sale, and the chocolate bar drive. At this time, then, I wish to thank everyone who participated in a drive or social event. In the future, lets talk more about school spirit and less about school apathy. We have proven we can achieve our goals so let's keep up the good work!

Cathy Cunningham, Ginny Jennings, Arlene Connell, Carmella Pitoscia, Sharon Jepprey. ABSENT: Ene Varik, Beth Forsyth, Judy Hendry and Cathie Schouton.

CHRISTMAS PARTY

FORMAL

PULSE

News Deadline: every second Monday, 1 P.M.
Issue Date: the following Thursday morning

Activities between those Monday deadlines and Thursday mornings (or Wednesday afternoons for most editions): editing, layout decisions, typing, drawing, arm and waist exercises plus a lot of good-natured fun.

The results: inky fingers (de-inked with our excellent A.B. Dick Hand Cleanser), inky wastebasket, bent staples, and a variety of covers and articles in over a dozen editions of the PULSE during the school year.

Because your PULSE editor was "lazy", far more people were involved in issuing each bi-weekly edition this year. The PULSE representatives, Cathy Fife (B I), Fran Williams (B II), Liz Tutton (B III), Wilona Skinner (B IV), Pat Young (PB II) and Vivienne Gornall (PB III), were responsible for providing the workers while the editor played around with coloured ink and gave the A.B. Dick machine the required T.L.C.

Not too many persons guessed that "Lucy" was Jan Weegar (B III) who kept us up to date with campus happenings through her personal letters. Both Jan and Vivienne Gornall (of "the Unshaved Leg") volunteered to write their own columns for each edition. Their messages were appreciated and caused much chuckling and comment.

It was a good year. No one, including the editor, was overworked and communications within the school were helped. It is hoped that the co-operation that was demonstrated this year may continue and that communications through the PULSE show nothing but improvement.

Gayle Mitchell, PB III,
PULSE Editor.

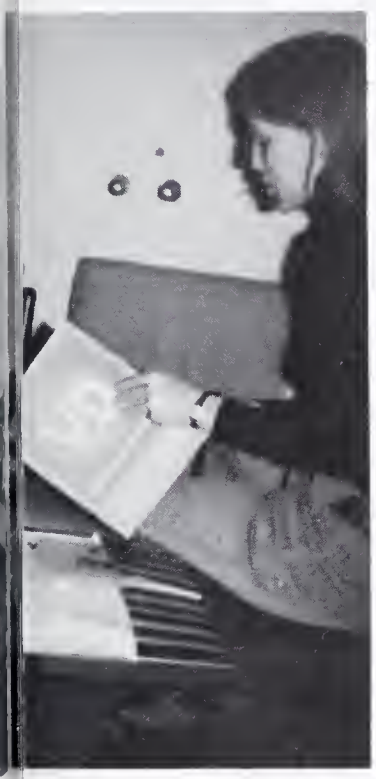
FRONT ROW: Sue Acurt, Ginger Brown, Vera Isaac.
ABSENT: Ainslie Gray, Jane Underwood, Cathy Mees.

You mean you want
the school of nursing

What are they doing with a V.D. book at a

ddlywink team for



thletic Council meeting?

The athletic council this year is made up of a happy-go-lucky group of sports enthusiasts. Jane Underwood put together one of the finest ice hockey teams the school has ever seen. We didn't win the trophy but we centainly enjoyed playing. Marg Henderson kept our volleyball and basketball teams in great shape. Our swimming team had a great meet and we placed in the top five teams. Faye Hockaday was the chief inspiration in that sport. Ainslie Gray is hoping the snow will last until the end of February for the interfaculty ski-meet. Glenda Cress is our enthusiastic sports rep. for fencing and bowling. Field hockey was coached by our star player Jeanette Van't Hoff.

Even though we had a fantastic group of girls working on council this year, we ran into a great deal of difficulty finding people who were interested in joining in the fun. It's a great misconception to think that you have to be good to play for our teams! All you really have to do is want to play and we'll find a spot for you. Although many leagues are highly competitive the interfaculty programme is for fun first and competition second. Perhaps next year you'll join us in golf, archery, curling, gymnastics, figure skating, badminton, or tennis. I hope to see you there.
